

## Residential Medication Management Review (RMMR) – Item 903

### Eligibility Criteria

For permanent residents (new or existing) of a Commonwealth funded Residential Aged Care Facility (includes veterans)

Patients at risk of medication related misadventure because of significant change in their condition or medication regimen, or for whom quality use of medicines may be an issue

Not for patients in a hospital or respite patients in RACF

### GP Initiates Service

Explain RMMR process and gain resident's consent

Send referral to accredited pharmacist to request collaboration in medication review

Provide input from Comprehensive Medical Assessment or relevant clinical information for RMMR and the resident's records

### Accredited Pharmacist Component

Review resident's clinical notes and interview resident

Prepare Medication Review report and send to GP

### GP and Pharmacist Post Review Discussion

Discuss: Findings and recommendations of the Pharmacist;

Medication management strategies; issues; implementation; follow up; outcomes

If no (or only minor) changes recommended a post review discussion is not mandatory

### Essential Documentation Requirements

Record resident's consent to RMMR

Develop and/or revise Medication Management Plan which should identify medication management goals and medication regimen

Finalise Plan after discussion with resident

Offer copy of Plan to resident/carer, provide copy for resident's records and for nursing staff at RACF, discuss plan with nursing staff if necessary

### Claiming

All elements of the service must be completed to claim

Derived fee arrangements do not apply to RMMRs
